

January 30	Mário Rito, MSc; Tiago Dionísio, MSc	CBCT on the routine Endodontic Clinic
February 22	António José Sousa da Silva, MSc	Approach Le Fort in maxillary
February 24	Paulo Maia, PhD; Alessandro Rossi, PhD; Francisco Salvado, PhD; José Espona Roig, PhD	Oral Rehabilitation with Implants - surgical techniques for bone regeneration
March 9	Anuj Chauhan, PhD	Designing Nanomedicine for Drug Delivery and Drug Sequestration
March 15	Luísa Lopes, PhD; Gunel Kizi, MSc	Trauma Protocols in Permanent Dentition
March 23	Seminar	Environmental Health Research Thematic Area
April 6	3 rd Regular Seminars	Morphology/Anatomy Lab, Biomaterials Lab, Biochemistry Lab, Applied Microbiology Lab, Organic and Analytical Chemistry
April 19	Maria João Barreto, MSc	Total Prosthesis - A permanent challenge
April 20	3 rd Regular Seminars	Clinical Dental Research Unit, Health Psychology Multidisciplinary Research Center, LABPSI (Psychology Research Lab), LABFORSCI (Forensic Sciences Research Lab)
May 8	Clinical Meetings in Pharmaceutical Science	Management of Polimедication. A challenge for 2030
May 24	Inês Caldeira Fernandes, PhD	In-office bleaching - Is it still an option?
May 25	Yvetta Koeva, PhD	Neurotrophins and male reproductive system
May 25	Katerina Georgieva, PhD	Biomedical side effects of anabolic androgenic steroid abuse on the reproductive system
May 25	3 rd Regular Seminars	Centre for Applied Social Studies, Genomics and Proteomics, Electron Microscopy and Histopathology, Molecular Biology and Stem Cell Lab, Quantitative Methods for Health Research and WDXRF Lab
June 8	Clinical Meetings in Pharmaceutical Science	Hepatitis C Virus Infection, from theory to practice
July 5	Ricardo Alves, PhD	Limits of periodontal treatment in molars with furcation involvement
September 28	Seminar	Clinical Research Thematic Area
October 9	Clinical Meetings in Pharmaceutical Science	Breast cancer
October 9	José Maria Cardoso, MSc	Limitations of Molar Treatment with Furca Involvement
October 19	Seminar	Public Health Microbiology Research Thematic Area
November 15	Leonardo Martins, MSc	From diagnosis to arthroscopy - a clinical case of temporomandibular joint pathology
December 10	Clinical Meetings in Pharmaceutical Science	Custom Therapy
December 6	Luísa Bandeira Lopes, PhD	Incisive and Molar Hipomineralization: From Diagnosis to Treatment
December 14	Seminar	Forensic Science and Psychology Research Thematic Area
