General CV

WORK EXPERIENCE

Jan 2007-Aug 2014

Senior Policy Analyst, Marie Curie Actions in FP7-H2020

European Commission DG RTD/EAC

Policy development of fellowship programme; management and secretariat support to Programme Committee, Secretary to High Level Advisory Board; Alumni development; co-ord with the MCFA. Programme promotion in general

Jan 2005-Dec 2006

Head of Sector, CORDIS Web Content Systems

European Commission – Publications office

Heading a team of 70 staff and contractors to create the information portal for R&D programme “FP7”. Developing environment strategy for legacy issues, managing a press team to publish daily readable articles on Science, Technology and Society issues, coordinating with 9 DGs and 23 agencies in EU

Sep1994-Dec 2004

Policy Officer, CREST and Research Policy for FP5, FP6

European Commission – DG RTD

Senior policy analysis for Strategy unit in Research; supporting CREST Committee, developing futures scenarios, developing policies for content development, 12m acting head, high level FP policy development and indirect policies development such as tax regimes for research coordinating with 4 DGs and several agencies in EU

Jul1982-Aug1994

Administrator; DG ENTR, TF-IT; DG INFSO

Recruited to EC for co-managing ADA software engineering programme, then AI programme, as well as European Network development; Eurokom, Unix, and data infrastructures. Started programme in Educational Technology pre-empting WWW and MOOC in co-ord with EU Open University systems.

In 1991-1992 I took 2 years out to establish and teach a Chair in EU Affairs at the LBJ School of Public Affairs, UT, Austin Texas. While there, consulting and planning the 3 Gorges project in China

Sep1980-Jun 1982

Managing Director ERL (HK) Ltd

Responsible for developing strategic outline for the new HK Airport, which at that time was the worlds largest civil engineering project. Data gathering; model building; EIA assessment and developing operational plan to build a new island.

Before that and since graduation I worked mainly as a peripatetic consultant to the UN – FAO and UNDP for several years in Italy; the UAE and Qatar; focussed on groundwater modelling; economic micro-management and the use of PCs in arid environment agricultural scenarios

EDUCATION AND TRAINING

1969-1972 **PhD (Civil Engineering)(Aston Univ), BSc(Hons) 1st in Chemistry and Applied Maths with computing science minor (1972, UC Cardiff)**

Replace with EQF (or other) level if relevant

1968-9 I won a scholarship to the RAF Academy Cranwell, where I completed Year 1 of a BSc Engineering degree and gained a C.Eng

From a delayed schools start in 1958 I attended ca 12 schools in England, Wales and Germany, moving frequently due to my father's occupation
